KRISHNAS **VALUE**

We aim to produce great products and services. Krishnas dream to become Global IT Company, evolving every day by following best IT practices.

KRISHNAS **MISSION**

To make great products and produce excellent services in the field of IT Services with main attention towards customer satisfaction.

KRISHNAS **VISION**

To build upon a reputation of being smart at designing IT Solutions and recognized as one of the most innovative IT Solution and Service provider.

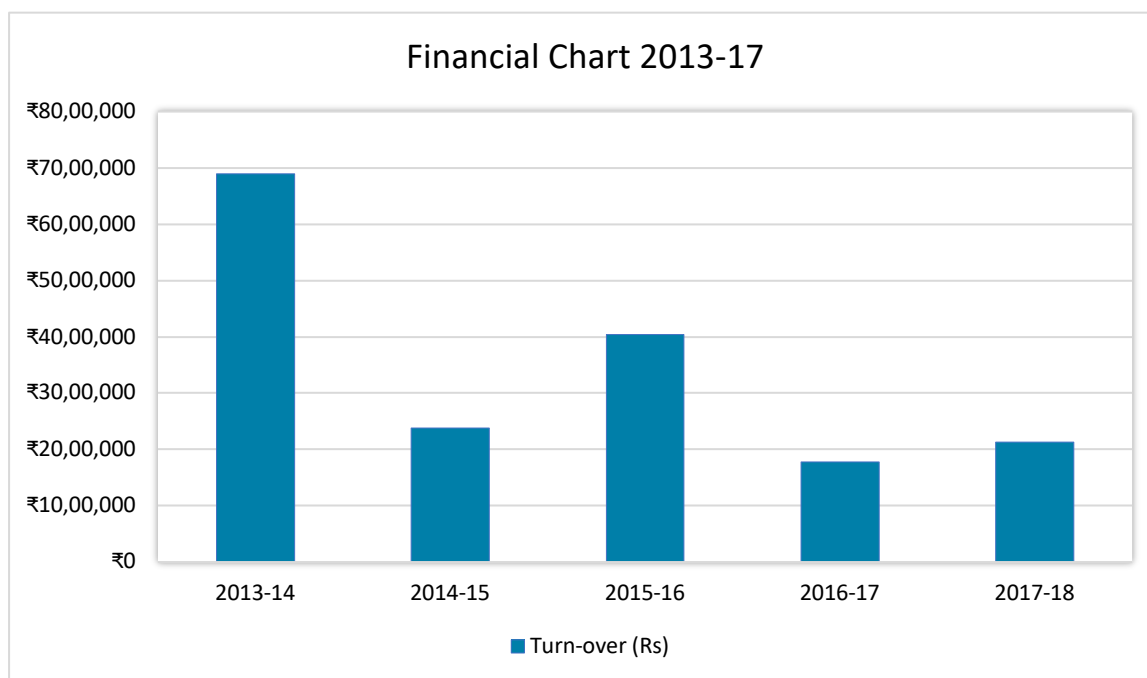

ABOUT US

KRISHNAS, was found by two brothers Sriharish Krishna & Rajeev Krishna, with a dream of providing IT solutions in the year 2012. Krishnas grew as a leading service and business process re-engineering organization, involving smart business practices that enable our client companies to operate more efficiently and produce more value.

KRISHNAS Software Solution's strength lies in understanding the client's business requirements, vision and offering client oriented solutions, which are highly reliable. We hire great talents who does smart work and deliver products and services on time. We engage industry experts in conceptualizing the business requirements which helps us in becoming most valued Organization.

FINANCIAL GROWTH

The primary business set up was done with the help of Founders Father. With gradual spiralling up business, the amount earned was re-invested to create more opportunities. With multiple non-government & government project and substantial annual income from long standing potential clients, Krishnas were able to reach break-even in due time.

Note: The financial growth for the current year is expected to double the company's financial revenue generation. This has come about due to major government projects being undertaken, that are in process of development.
